

## EXERCISE 2 Worksheet

### Task 1

Use the categories on the following pages to lead you in asking media savvy members of your congregation if they have any equipment to loan you. If they believe in you or your vision for the project, they may be more than happy to support your project by allowing you to use their equipment. If there is not any equipment available, fear not, all will be well. Just try to gather one or two options from each category.

*Brainstorm potential names and write them under each category.*

### LIGHTING

- Professional Lighting Kits
- Construction Lights
- Bounce Cards

### SOUND

- Lavalier Microphone
- Hand-held Sound Recorders
- Phone Microphone Add-ons

### SOFTWARE

- Avid Pro/Adobe Premier (Great software, but both have steep learning curves.)
- Final Cut Pro (Good for intermediate users, but not free and Mac exclusive.)
- Movie Maker/iMovie (Free and functional software for beginners)
